

THE DOTHAN EAGLE

VOLUME 6

DOTHAN, ALABAMA, FRIDAY, SEPTEMBER 25, 1908

NUMBER 12

Needs Attention.

There is a ditch, an open ditch, on West Powell street, just east of the crossing of Oates, that needs attention. The thing was dug to drain the water from Foster street, and has always stood with just enough water in the bottom to make it a mosquito hatchery. Several cases of sickness has been laid to this ditch. The health officer has reported it, and it is time that steps be taken to let that water out. The ditch should really be covered over. It is four feet deep in places, and enough water stands in at times, to drown a small chap, if he were to fall in it.

An Approaching Marriage

Cards are out announcing the coming wedding of Chester W. Newton, of this place, to Miss Eva Martin, of Abbeville, which event is to take place at the Methodist church at Abbeville, on October, 5.

After the wedding tour the young couple will return to Dothan, and set up house keeping in the Peterman residence on N. Foster street, recently purchased and remodeled.

The bride to be is the daughter of H. H. Martin, of Abbeville, and has visited Dothan often, and has many friends here. Chester Newton is an industrious young man, courteous and cultured, and reflects the careful training of model parents.

It's a dull day in Dothan when Charley Stephenson and Montana don't wear a buggy whip out on each other.

Miss Laura McNeill, who has been visiting in Dothan a few days, left for her home at Mobile, today.

Miss Helen Carter, daughter of Mr. and Mrs. G. W. Carter, left the other day to enter Judson College.

Marriage license was issued today to E. W. McElroy and Florintine Wadkins.

Married.

Yesterday J. L. Tedder and Miss Ellie Folkes were married. The bride is a daughter of J. W. Folkes, and the young people slipped away and married without asking anyone, but it was not unexpected.

All of the old soldiers are notified to be present at a meeting of Camp Bartow, at the court house the first Tuesday in October, the 6th. Important business.

M. V. White, Comd.

The Dothan merchants are live to the importance of pulling for trade from the nearby towns. Slocomb, Malvern, Taylor, Hartford, Coffee Springs, Samson, and many other places, have people who buy much stuff from the Dothan merchants, and it is a good idea for them to reach out, and offer inducement for out of town trade.

I. Y. Palmer of Columbia, was here last night.

Hurt at Oil Mill.

At an early hour this morning Will Stephens, an employe at the Dothan Oil mill happened to a painful accident. He was trying to put a belt on a moving wheel when a piece of pipe in his hands caught in the wheel and struck him over the head, cutting an ugly gash in the scalp.

Cotton is coming in rather lively these days, but the farmer are getting more independent about selling it. They can sell, or let it alone, most of them.

See the program in today's paper for the Dothan Theater.

Hand your news items in to this office—we need 'em.

S. W. Glover, was in town today from Taylor.

This habit of giving 600 votes in the contest for every five dollars turned in on subscription to this paper, is taking. The candidates are working it, and the paper is going into the homes of the people of the town.

W. H. Flowers, of Blakely, was here yesterday, enroute to Montgomery.

Mrs. H. A. Blount returned today from Jacksonville, where she has been visiting the past two weeks.

DECEMBER 23RD.

Many of our friends have good-naturedly asked if we expected to run this voting contest on forever, and not set a time for it to close. It is perfectly proper for a day to be set, and we have talked with the most interested, and from what they say, December, 23, will come nearer suiting everybody than any date we have discussed. This is two days before Christmas, and we will fix the hour for receiving the last vote, at four o'clock in the afternoon, of Dec. 23, which is on Wednesday.

Those merchants handling the tickets will have done the Christmas sales by this hour, for but few people buy much stuff on Christmas Eve, and we think this will help to stimulate the public in doing their trade earlier, and not wait for the rush on the last days. It is always better to do Christmas shopping early, anyway, and by giving ample notice, it will be treating all concerned fairly.

Special Term of Commissioners Court.

The commissioners are in special session today, for the purpose of calling an election to vote on the special school tax. But on investigation, they found that this couldn't be done at a special meeting of the commissioners, and they adjourned. This means that the tax cannot be voted on at the coming election, for the regular meeting of the commissioners will not come off in time.

A marriage license has been issued to Dr. J. C. Watson, and Miss Edna Binion. Miss Binion is a resident of Dothan, but taught last year at Georgiana, where Dr. Watson now resides. It is not known the date they are to be married.

Frank Bennett Married.

Frank C. Bennett, an old Dothan boy who has been in Hamlin, Texas, in the hardware business for some time, got married on Wednesday of this. His bride was Miss Efa Lou Brown, of Hamlin.

Frank is one of the successful young business men that got his early training in Dothan, where he lived for years, and where his mother and brothers now live, and he has many friends here who wish him happiness and success.

In the get up of this paper, we would like to please as many people as possible, but you understand that it was a wise thing for the Supreme Builder to arrange us each with a separate mind, else we would have all wanted the same house, the same horse, the same woman for a wife, and there would have been no end of sameness.

Commissioner Y. L. Brackin, of Taylor was here today.

EASY CREDIT

Men get credit in this town mighty easy. Many of them can get it, and do get it, who are not entitled to it. Credit is too easy. It shouldn't be tampered with in the manner that it is. Here a few months ago, a man blew in here, and found easy credit everywhere. The legal actions taken against him to collect the bills he owes show that he hit many business men of Dothan for good round amounts, and is now residing in another city where he is probably working the same game. At the first place, if he had been required to furnish some references, it might have saved a lot of money. Men sold him who would have turned "Dummy" down, and yet "Dummy" never beats a bill that anyone knows of, and has no visible means of support other than shining shoes, and cant hear thunder, nor say a word, but he can make signs.

N. B. Crawford, and wife, and Miss Bessie Clark, have returned from Panama City, where they went the other day. Ben says that the people down there were expecting them, and had all manner of fresh fish caught up and fried, ready to turn the crowd loose on when it arrived.

R. Z. Gwaltney of Hartford came up on the Central this morning.

Jewish New Year.

Beginning this evening, at sun down, the Jewish New Year starts. Tomorrow, all Jews who observe the festival will be closed.

Mrs. Jim Strickland, of Montgomery, who has just had a nice resident completed, near M. D. Hornsby's place, has moved in.

Advertisers will confer quite a favor by bringing in changes for their ads the evening before they expect it to appear. The force has a certain worked mapped out each day, and when ads are brought in at the last moment, something must go undone.

A GOOD CHANCE

The Democrats have a splendid chance to elect a president this year. This is not groundless optimism either. Even the most rampant Republican papers in the country admit that Bryan is stronger than when the Denver convention adjourned, and judging from the enthusiastic receptions given him everywhere on his present speaking tour he is growing in public favor.

One of the most hopeful signs is a united democracy, while the republicans seem hopelessly divided in several quarters. In New York with her 39 electoral votes the Republicans have a family row over Hughes whom they were driven by the big stick to nominate while the Republican machine clamored in vain for another man.

It is believed that the anti Hughes and the anti Big Stick element in New York will repudiate Hughes and help elect a democratic governor and give the state's electoral vote to Bryan.

In Ohio with her 23 electoral votes there is another Republican family row over the Foraker—Standard Oil exposure by Hearst. In this state the Democrats have an exceptionally strong man running for governor, Judson Harmon who was attorney general in Cleveland's cabinet.

He will doubtless add much strength to the Democratic cause in Ohio. The Republicans at best regard Ohio as doubtful. While Illinois with her 27 electoral votes is deemed virtually sure for Taft still Democratic hopes is growing there. Aldai Stephenson, Cleveland's popular vice president is the Democratic candidate for governor and the Democrats believe he will win.

With a united party representing the masses against Republicanism representing the favored classes it now looks like a Democratic victory in November.

Not Yet.

Floyd McCarty has been transferred from his run on the Central road to the Dothan and Panama City run, but he doesn't know when he will begin. The road, has not provided a mail car yet and the run will not be taken up till this is done.

The people in all the territory south of us should make every effort to get this mail service, for it will mean so much for their section.

Mrs. G. A. Ward, of Hartford has been spending the week with her parents, Mr. and Mrs. J. F. Dawsey.

W. O. Searcy, brother of Mrs. Ben Crawford, was elected mayor of Opp, this week.

The more candidates work for subscription the more interested the public becomes. Many look through the paper to see how the votes are coming the first thing. Before the champaign closes it will be much warmer.

Lost—On the A. & St. A. B. road, between Dothan and Panama City, round top trunk, wrapped with manilla rope. Marked "Do" on top and end with crayon. Return, or notify E. R. Porter, St. Alerews, Fla., for reward. t26.

THE NEW BUILDING

The mills of the Gods grind slowly, so do those operated by the government, but it is said that they turn out a pretty fair article when it does go through. The workings of the government run on the slow gear, but it gets over the territory in some manner in comparative safety.

We hardly know when to expect a crew of hands, lined up in heavy marching order, ready to scoop the dirt up for that new building we are threatened with. But we do think it looks like early work. Rather think it will be before the frost gets on the pumpkin vine.

When the crew once gets started, we hope the town will retail a policeman on the job to keep them at it.

The town needs the business that hundred thousand turned loose here would bring, then we want the building as a convenience, and for the advertising purposes. We believe in advertising down here, most all of us.

Many little things could be written up about Dothan and this county, that would be of interest to the people in this part of the country, and we want that class of matter. We would like to be able to furnish some general news, but the most of our subscribers had rather have purely local news and get their excitement about murders and other catastrophes from the big dailies. So this will be a homemade daily, with homemade news, telling of our haps and mishaps, standing up for Dothan and Houston county, from beginning to end.

About the Government Building.

Postmaster Trammell returned from Montgomery yesterday, where he went to have the plans of the government building approved by the federal officials up there. He received the rough plans, showing the arrangements of the different offices, and being custodian of the building it was his duty to approve them, and then have the United States court officials approve them, or suggest any change. The plans were approved without a change being suggested.

The building will be three stories high, and will probably be built of pressed brick, trimmed with stone. It will run 88 feet along Foster street, and about 68 on Troy street, but the front of the building, the public lobby, will front Foster street.

The first floor will be used for the working room of the post-office, the money order and registry department, and it will have a lobby, something like eighteen or twenty feet wide, along Foster street. The boxes will be on this side, then on the north side of the building will be the money order and registry windows, the general delivery, and on the south side, the city carriers. The carriers will also have a working room down in the basement.

The second floor will be occupied for the United States District court room, with the judge's chamber's, clerk's office, and District Attorney's office.

The third floor will be used for the grand and petty jury rooms, witness rooms, United States Marshals' office, and deputies.

Mr. Trammell says that his people will urge that the Dothan building be put on the list for immediate attention, as the first appropriation for this building, was made last year, and this will give us preference.

When these plans go in, the architect will draw the blueprints, or working plans, and work will commence at an early date.

They Will See You.

The ladies, or their friends, may call on you, if they haven't, and want to know if you are taking the paper, and if not, why not; may ask if you're paid, and to these questions think you no harm, for they are after the votes that you would be entitled to when you have paid your subscription, advertising, or job work to this paper.

For every \$5 turned in to this office, on subscription to the daily or weekly, 600 votes will be given, if the money is turned in at once.

Lots of people in this town and county. When one can't get them, another might. It is worth trying for. Get out and at 'em.

If you are not taking this paper, you had as well to, and be over with it.

They will be seeing you all along. Better take it now--you are going to have it to do.

E. P. Mercer of Route 3, was a Saturday's caller, and left his dollar. Then from the same route, H. H. Arnold concluded to try the paper a year, provided it went regular, and that's our strong suit. The paper may not be much as a news sheet, but we do print it at a regular time each week, and no trouble is found in the delivery.

Now the right thing for the contestants in the piano and watch voting business to do is to get out here and hustle for subscribers for this daily Eagle, getting 125 votes for every subscriber paid in advance.

Mrs. M. T. Keyton, of Montgomery, is in the city visiting her daughter, Mrs. E. N. Winters.

Capt. T. R. Leslie of Troy, has been visiting his daughter, Mrs. A. Y. Malone, for a day or two.

The State of Alabama, Houston County.

Hanson, Blake & Co et al vs Dothan Square Bale Ginning Co et als In Chancery, at Dothan 17 District, S E Chancery Division.

In this cause it made to appear to the Register, by the affidavit of E. R. Dothan Oil Mill

An Interesting Meeting.

District No. 1, of the Houston County Sunday School Convention, met at Mt. Gilead church six miles from town, on Wednesday, the 16th of this month. This was one of the very interesting meetings. The different talks on how is the best method of conducting a Sunday school were good. The church was filled with interested folks, although it was a very busy season of the year.

The following officers were elected:

E. J. Whiddon, President; R. C. Williams, Vice President; T. A. Word, Secretary-Treasurer; J. S. C. Potts, Asst. Secy-Treas.

Need This Schedule.

There has been some talk of running the Elba train on into Dothan, after it meets the one-fifty train at Waterford, and let it stay here till late in the afternoon, giving the people on the Elba branch a good schedule to come to Dothan and spend the afternoon. They cannot do this now. They can arrive at eleven twenty, but it gives them but little time here.

The Coast Line people have always been willing to make any schedule on their trains that suits the greatest number of people and we hope that they will arrange to let that train come in

here in the afternoon, and give the shoppers all the evening practically for shopping. It makes a good schedule for people going from here to Enterprise and Elba also.

An Ohio man sold his wife and household furniture for fifteen dollars. Probably he threw in the furniture for good measure.

Longworth has put the stamp of approval on the President, and we know that the President must feel good over thus being honored.

If Drift Armstrong would only come to Dothan, and see our charming beauties, he would cease to rave about those blonded damsels, with made-to-order complexions, of Montgomery.

It must be a mistake about John Temple and Arthur Brisbane standing by Hearst to tell him what to say, for the man has been wandering far from New York, and speaking to almost any kind of a crowd, but it's usually a crowd filled with curiosity.

H. E. Wilson, has returned from Hamlin, Texas, where he went a few days ago to accompany his brother, W. S. Wilson. He says that he left him fast improving, and in good spirits of a rapid recovery.

Next Tuesday The Day.

Next Tuesday, the 28th, will be Tag Day in Dothan, and everybody will be expected to stand for the tagging, and cough the money. It will take a little money, but it will go for a mighty worthy cause. It will go to the Dothan Public Library.

J. J. Cray has sold his barber shop to Helms & Baker, and says he will locate elsewhere, but has not yet decided on the place. He has been shaxing the people of Dothan for many years, longer than any other barber in Dothan, and has many friends here who would hate to see him leave town.

C. O. Box of Route 8, was in Dothan Monday en route home from Abbeville. He called at this office and paid his respects, also two dollars for the paper.

Miss Mamie Norris, and Mrs. Ellie Norris, of Greenville, have been in the city a day or two, visiting Mrs. J. T. Trawick.

LOST—between post office and Lena Street, a stick pin with chip diamond on it. Return to this office and get reward.

Kinion Strickland, one of the Eagle's good friends of Route 1, was in Saturday to pay for the paper a year.

WANT BRICK

We have just completed a modern brick yard one and a fourth miles east of Dothan, and make two grades of brick. One for \$4.50, the other \$5.50, at the yard. Delivered in Dothan \$1.00 extra. We are prepared to fill your orders, large or small.

WEATHER FOR ALA.

Partly cloudy, showers in south portion tonight or Saturday.

Hearst has said something. He advised the other candidates to let up on jawing.

The more Roosevelt tries to push Taft along, the deeper the Republican party mires.

We of the wire-grass know that no section of Alabama produce sweeter sugar cane and girls than this.

Nearly everybody in town will have a chance to take the daily before the week is out. Most of 'em are doing it, too.

Taft might have done much better for his party by pulling loose from the President when his campaign was young.

Steel Trusts for Taft; Standard Oil for Bryan, is the way Tom Tom Watson puts it, but he fails to state where he comes in at.

Taft and his party went out the other day and had a time of it at Geo. Ade's farm, thinking to get the humorist vote, along with the steam shovel operators.

They couldn't find evidence in the mob trial at Springfield to convict the mob leaders. The people there thought the trick rather neatly turned, no doubt.

The Birmingham Ledger wishes the state of Alabama could have a good rain. Those Birmingham folks can never get it into their head that anything happens much, outside of Jones Valley. Now we have had all the the rain we need, down in the wire-grass, where the people pay their preacher.

The small boy who is allowed to run on the streets at his pleasure, is soon out from under the control of his parents. He soon learns more of the world than he is entitled to at his age. He learns things that he keeps from his parents, and when he reaches this stage, it is a dangerous one.

Henry Clayton has been assigned to work in the republican strongholds of the north, and will put in every day from now till election, working for his party. He is not only considered one of the big men in the Democratic party, but the Republicans recognize in him the equal of any man they have on the stump

The other man's job looks to be a snap from the outside.

It's a good thing our subscribers don't expect much from this sheet.

The lease system of Georgia died of its own weight, but the Georgian pressed down hard.

Foraker seems to be descending the political ladder somewhat more rapidly than he went up.

The boy who does a boy's work well will hold down a man's job before he reaches his majority.

The man who says but little and is a good listener is considered not only wise, but a good talker.

Most towns are wide open because the mayors have given the keys away to some delegation or convention visiting them.

We get the good end of the bargains about as much as the other fellow does, and that ought to satisfy reasonable people.

The national political pot is boiling hot, but Houston county is too busy with the cotton crop to take a hand in the stirring.

When a man talks too much, some one can always be found who thinks lies would show up, under a microscopic examination.

A news dispatch says the powder trust is now in court. Should the case prove a hot one, wonder if there is any danger of an explosion?

The Dothan Eagle (daily) is a new enterprise established in Dothan this week with flattering prospects, for though entirely unpretentious to begin with, it shows that its promoter is going to take no chances of failure in its undertaking. The first issue carried about two columns more local advertising than was necessary for successful maintenance of the project and yet the field was not covered. It makes no promises nor asks any charity. It seems purely a business venture for which no apology is needed or special favors asked. Dothan claimed she needed a daily, and as we had said, if she wanted it, she'd get it. That's Dothan's way. Here it is. True, it's not all some will require, but, its young yet, and can grow to meet business requirements and that's all that should be considered. Individual opinions without business reasons to back them up go for naught, and that's the way W. T. Hall will treat them. He will be boss of his business, and if you don't like the man, don't take his paper. He will stick out in every one of them, and is original to the core. That's why we predict for him success. That's the kind that belong to succeed. He is nothing if not original and we admire originality. Our best wishes go to him in this new project which can mean so much for Dothan. —Home Journal.

NOT FAIR!

Montgomery has taken what we consider an unfair advantage of Birmingham. Birmingham with her usual way, was claiming all the good things for her fair, and from the tone of the papers up there you wouldn't think Montgomery was due to have a fair this fall. Now Montgomery comes a long, as a drawing card, and advertises that she will have on exhibition during the fair, the famous sheath gown, with a real live wearer inside. Montgomery Fair management timed the curiosity of the public to a fine point, and knew the mind of the public was about ripe for seeing sheath gowns, and sprung this right at the last minute. You know the people will pay good money to see it, as they will to see snake eaters, five legged pigs, two headed calves, and other monstrosities.

The Constitution had a striking good roads cartoon yesterday, showing how hard it is to travel over bad roads, and what a snap the team has when the roads are good.

The country gets old mighty slow, but it will not be but a few more years when we will be forced to have good roads, not that we in this country have such bad ones now, but they are not what they should be. They are much better than roads in other sections, and many of them make shifts at that.

There is a fight being made for good roads all over the country. This will be kept up till we educate the people up to the needs of it. When once we all realize that a team can pull twice and three times the loads over good roads that the same team can pull now, we will make more efforts to have the roads made the bragging point for every community.

The grand jury, from year to year makes a report, urging that the roads be given more attention, but that's about all. In time the judges will advise that somebody be prosecuted, or fined, or done something with, for not keeping the roads up to the standard, and the judges may fix higher standards for roads.

DOTHAN'S NEW DAILY.

There have been several daily papers started in the city of Dothan and each and all have died for want of patronage. Yielding to the importunities of "leading citizens" who have awakened to the need of a daily since the recent demise of the Siftings, Editor W. T. Hall, of the weekly Eagle, has agreed to start a daily this week and give them a chance to "show him" how much they want one. Brother Hall puts the price at \$1.25 cash for four months, payable "on sight", and announces that it will be issued until Christmas for sure—and just as much longer as the patronage will make it pay. Not only Brother Hall and all of us will now have a chance to see whether Dothan really does want a live daily newspaper—and here's hoping "she do."—Opelika Daily News.

You are in error about several daily papers being started here. The Daily Siftings was started five years ago, and that was the first and only daily we had, till the present horrible example. Any small town, as to that matter, is a good burying ground for daily papers, that's an open secret and is why we are only promising to do this till Christmas.

If these political candidates continue to muddy the water hunting up bad records, we fear the public will get wear of them all.

Preserve Your Voice

If your voice is not strong and you are disposed to talk in a whisper, or if it is harsh and rough, half a teaspoonful doses of Hollan's Cough Syrup, taken every hour or so will help to relieve the trouble.

Cough cures are of little avail when the lungs are involved. They only give temporary relief. But if your throat is dry and husky and your bronchial tubes are sensitive, get a 25c bottle of Hollan's Cough Syrup and see how quick the trouble disappears.

E. R. Malone, Vice-President.
Robt. Boyd, Assistant Cashier.

Jake Chafin spent Sunday in Troy.

O. Hatcher, went to High Bluff Sunday.

R. R. Adams, of Florida, was here Sunday.

O. E. Williams, went to Panama City Sunday.

A. G. Grant was here from Headland Sunday.

Mr. J. T. Pierson went over to Elba this morning.

L. Kirkland, called in Saturday to pay for the Eagle.

J. M. Skipper, of Columbia, came to Dothan Sunday.

J. A. Guilford of Columbia, spent Sunday in the city.

Mr. Alva Strickland of Enterprise, was in town Sunday.

A. L. Faulk visited his mother, Mrs. A. L. Faulk, Sunday.

Irwin Crockett, of the Eufaula Times, was in town Sunday.

R. T. Hughes, and family of Esto, Fla., were here Sunday.

Miss Clarkie Purcell, of Columbia, was in the city Saturday.

Copy for changes of ads will be handed in the evening before.

W. H. Register of Route 6, paid us a call and a dollar last Saturday.

G. T. Guilford of Route 1, was in Saturday to pay for the Eagle a year.

Frank Mullen, who has been west for several months, is at home again.

Judge Pearce went to Elba this morning to convene regular Fall term of court.

Mr. H. J. Carter of Ozark was the guest of his son, Mr. G. W. Carter Sunday.

Trade is getting better, for the people are paying their debut, who owe anything.

The 20th Century Club meet with Mrs. H. G. Forrester, tomorrow afternoon.

Mrs. Urquart, of Montgomery, is in the city visiting her sister, Mrs. J. A. Bowdoin.

Mrs. C. B. Farmer and children have returned home after a few weeks spent in Tennessee.

C. A. Faiscloth, of Gainesville is in the city visiting his family. He looks prosperous and fat.

Contestants.

For every five dollars turned in to this office on subscription the Eagle will give 600 votes. Get busy. See your friends and get them to subscribe. If they are subscribers, get them to pay as far ahead as possible. Bring the five dollars, and get the 600 votes. This is souly to stimulate interest, and get more subscribers right now when they count for most. Either daily or weekly subscribers will count. The five dollars must come all at one time.

The people of Dothan ought to be particular about buying their goods. When it is possible to get what you want with the home man, price and quality anything like satisfactory, always buy it here. Don't spend your money in other towns for articles that can be bought at home. If you think the home merchant hasn't got the particular thing, ask him. He may be able to get it for you. But the chances are he has it already, for many of them are carrying stocks that compare favorably with similar lines in larger cities. Trade with the home man, when possible.

From Tuesday's Daily.

W. C. Granger was here today.

C. O. Daniels is on the sick list.

J. W. Hall, was an Ashford subscriber today.

J. N. Hutto, of Ashford, was here Monday.

BENNETT HARDWARE CO.

Honest Paint and Honest Measure

IN these days of counterfeits, adulterations and substitutions a man can't be too careful in buying such a commodity as paint. The ingredients of liquid paint and the processes of making it are a "closed book" to the average man, and the temptation to make big profits on most inferior grades has proven too strong for some manufacturers.

Would you know at sight whether the can contained the full U. S. Standard measure?

Would you take the trouble to measure each can even if you were doubtful? Don't take chances of getting worthless paint or short measure for your money—

Be assured of full value by getting Lowe Brothers "High Standard" Liquid Paint. Its reputation is known. For thirty-five years Lowe Brothers have been making Paint as well as they knew—and ever looking for a way to make it better. Believing that best paint could be made only from best materials, no other materials are used in their mills.

They use the most highly perfected machinery and employ only workers of skill and experience in paint manufacture.

"High Standard" Liquid Paint wears and retains its look of freshness and newness much longer than ordinary paints; it covers a greater surface to the gallon, and spreads more evenly over that surface. It is made to give full satisfaction—and it does.

Lowe Brothers High Standard Liquid Paint

Buy a gallon can of Lowe Brothers "High Standard" Liquid Paint and it contains one full gallon; if a pint can, it has one full pint—government measure. This is the Lowe way, and there are no exceptions to it.

Just as dependable as "High Standard"

Liquid Paint are Lowe Brothers Varnishes and Enamels, for exterior or interior finish. Quick, hard Drying Floor Paint, a Varnicol paint of great durability.

They are the best values to be had. Let us make suggestions for your color combinations. Ask for Booklets and Color Cards. See sample panels.

"The Little Blue Flag"

—Your Protection

City Election.

The city of Dothan had an election today, but few people knew it. All knew in a general way that the candidates nominated in May had to be elected, but nobody was interested, for the primary settles everything but the legal part.

Joe Baker was elected mayor; A. Y. Malone for councilman at large; A. Black and W. C. Fenn, from ward 1; C. C. Hughes and A. D. Whiddon from ward 2; K. P. Holland and B. R. Pilcher from ward 3; H. Watford and J. W. Grant, from ward 4.

These men are good men to turn the affairs of the town over to, and we believe they will do their conscientious duty, and they should have the support and cooperation of every citizen in Dothan.

If you have a grievance, go to these officials with it, and talk it over in a business way. Do this, before you talk it over with parties who might be unfriendly to the administration.

Following is the votes by wards in the city election which was held yesterday:

Ward 1, Baker 67, Malone 67, Fenn 67, Black 67; ward 2, Baker 33, Malone 33, Hughes 33, Whiddon 33; ward 3, Baker 35, Malone 35, Holland 35, Pilcher 35; ward 4, Baker 34, Malone 34, Watford 33, Grant 33.

Another Dairy.

Hall Brothers, of James, Ala., sons of Mr. J. R. Hall, the famous Jersey cow fancier and breeder, have bought an eighty acre tract of land, two miles north of town, and will move their dairy business here during the next month or so. They have been conducting the Locust Grove Dairy Farm, at James, for years, and their product is well known. The cows that these people have are known to Dothan people, for Dr. Johnson, the late Ed. Williams, both bought cows from these people, and they are known to be the highest breed.

These people have had an eye on Dothan for some time, then the Dothan Eagle has been going to them up there, and when we can get the paper to a man who is thinking of bettering his condition, and get him to come to Dothan and see, we have the advantage of him.

Congresmen Want Harbor Improved.

While in the city last week Senator Bankhead expressed himself as heartily favoring the opening of St. Andrews pass, and in conversation, showed great familiarity with the conditions and needs of the Bay.

Secretary Layfield of the Commercial Club has had some correspondence on this subject with Congressman Clayton, of Ala-

bama, and Adamson of Georgia. In a recent letter Mr. Clayton said: "This project from the beginning has received my approval, and I have been cooperating with others to the desired end. I shall take great pleasure in continuing to do so. Deep water at St. Andrews Bay will be of great benefit not only to Florida but to Southeast Alabama. I am heartily in favor of ample aid by the Federal Government."

Hon. W. C. Adamson writes, "I am glad to assure you that I have been supporting the St. Andrews Bay project, and helped the local committee in their work in Congress last winter and spring."

The most fashionably attired show windows in town, show no sheath gowns.

The Age-Herald advises everybody to visit the state fair and see their kinsfolks.

During the next few months we should all plant out those shade trees we threatened to last summer.

Joe Cannon may wish before it's over with, and he resumes his seat in the house, that he'd lived a different life.

Conceit of a Child.

The long suffering parent was about to tell his four-year-old daughter a story to bribe her to go to bed. She hadn't been on any too good behavior that day, and he thought the story might do better than to make a scene.

"Well, once there was a good little girl," he began, "a very good little girl. Oh, she was an extremely good little girl. One day"—

"Aw," cut in the child, "don't just tell a story about me. Tell about some other little girl." — Cleveland Plain Dealer.

Marine Insurance.

Marine insurance is the oldest kind of modern insurance. Its principles were first employed in the fourteenth century by the merchants of Barcelona, in Spain, when that city was the capital of the kingdom of Catalonia and when its hardy mariners were second to none in the world. About the same time, and also at Barcelona, the famous code of maritime laws known as the "consulado del mar," was promulgated, which is the foundation of the present shipping laws of every country.

It Would Seem So.

"And does your husband still think you are an angel?" asked the privileged friend.

"I guess so," answered the bride of one short year. "At least he seems to think I don't need any new clothes." — Chicago News.
